

# Appendix 1

## Primary Screening Pathway

## Appendix 2

Someone getting a routine cervical screening test can be told that of 100 people tested, 87 will get a normal result (next test in 5 years) , 4 will get a colposcopy appointment as abnormal cells need to be checked out, and 9 will get a repeat test in a year as the HPV virus was found but the cells looked normal

## Appendix 3: Sources of support and information for patients, their families and sample takers

### Patients/Families

<http://www.healthscotland.com/uploads/documents/24327-A%20smear%20test%20could%20save%20your%20life-March2020-English.pdf>

A patient information leaflet offering an overview of the purpose of cervical screening, what happens at an appointment, HPV and screening results.

<https://www.jostrust.org.uk/video/you-guide-cervical-screening-smear-test>

A short film that aims to provide information on cervical screening for people from a BAME background

<https://www.jostrust.org.uk/information/cervical-screening/cervical-screening-learning-disability>

A short film that aims to provide information on cervical screening for people with a learning disability

<https://www.nhs.uk/common-health-questions/sexual-health/should-trans-men-have-cervical-screening-tests/>

A short film explaining what transgender men can expect when undergoing cervical screening

<https://nationallgbtpartnershipdotorg.files.wordpress.com/2015/02/np-trans-health-factsheet-general-healthcare.pdf>

A factsheet on general healthcare for trans people including cervical screening

<https://www.jostrust.org.uk/information/cervical-screening/cervical-screening-after-sexual-violence>

Support for individuals considering or attending cervical screening who have encountered sexual violence

<http://www.healthscotland.com/uploads/documents/4599-Your%20smear%20test%20results-March2020-English.pdf>

A comprehensive fact sheet produced by Public Health Scotland on HPV, Cervical screening results, monitoring and treatment

<https://www.nhs.uk/conditions/cervical-screening/your-results/>

An overview of cervical screening results

<https://www.nhs.uk/conditions/colposcopy/>

An overview of what to expect at a colposcopy appointment

<https://www.nhsinform.scot/healthy-living/immunisation/vaccines/hpv-vaccine>

A fact sheet providing an overview of the HPV vaccine

## **Clinicians**

<http://www.healthscotland.scot/media/2959/final-cpd-slides-jan2020.pdf>

A comprehensive slide deck produced by National Services Scotland covering the Cervical Screening Programme and why it is changing

<http://www.healthscotland.scot/media/2883/hpv-faq-for-sample-takers-november2019-english.pdf>

A fact sheet explaining the introduction of HPV testing to cervical screening in Scotland, the relationship between HPV and cervical screening and the HPV vaccine

<https://www.nhsinform.scot/campaigns/hpv>

A great campaign resource for young people to help promote the HPV vaccine

<https://www.jostrust.org.uk/professionals/health-professionals/nurse-gp/best-practice-prior>

Guidance on best practice for screening

<https://www.gov.uk/government/publications/cervical-screening-cervical-sample-taker-training/4-equality-of-access-to-cervical-screening>

Resource published by PHE on equality of access to cervical screening. Topics include enabling people to access screening and ceasing from screening

<https://www.jostrust.org.uk/professionals/health-professionals/increasing-screening-attendance>

Good practice tips on improving access to cervical screening

<http://www.healthscotland.scot/publications/cervical-screening-toolkit>

This toolkit addresses failing attendance rates and peoples poor understanding of cervical screening and cancer. It discusses the barriers and enablers to screening.
